Dear Friends:

It is my pleasure to welcome you to the 2019 Southern Nevada Youth Homelessness Summit: The Movement at Work, hosted by the Nevada Partnership for Homeless Youth.

Sadly, Southern Nevada is facing one of the worst youth homelessness crisis in the nation. I applaud the Nevada Partnership for Homeless Youth for providing a range of supportive services to thousands of young people experiencing homelessness in our community, providing transition housing and emergency shelter, 24-7 mobile crisis intervention, legal assistance, family reunification and other wraparound services. The state of homelessness for the most vulnerable in our community demands that we seek significant changes in several areas including policymaking, improved data systems, and stronger coordination in prevention and intervention services.

As your Senator, I will continue to work tirelessly to build the infrastructure to support and address the gap between need and available resources. I sincerely thank Arash Ghafoori and his team for bringing together community leaders across sectors to work together and to continue to take action in the movement to end youth homelessness.

I wish you all a memorable summit and thank you for fighting the good fight.

Sincerely,
